*Affected Public:* Individuals and households.

*Estimated Number of Respondents:* 2,000.

Information will be gathered from those in the Bureau workforce. The questionnaire may also be made available for use by other Federal agencies for similar studies related to financial well-being and savings practices.

The questionnaire asks about the respondent’s recent experiences with unexpected financial shocks, the respondent’s savings cushion available for emergencies, the respondent’s savings behavior and savings vehicles. It includes the five-question version of the Bureau’s

The Bureau can use the information collected to connect savings and financial well-being, and to inform future development of employer-sponsored financial education materials and programs.
